

Thank you for selecting University Orthopedics Center to perform your surgery. We recognize that you have options of orthopedic providers, and we are honored that you have chosen University Orthopedics to deliver exceptional care.

We are committed to exceeding your expectations as a healthcare provider, and encourage you to contact us during your post-operative period with any concerns or questions that you may have.

When it comes to getting you better, the surgeons, specialists, and staff at University Orthopedics Center are here to help you reach your recovery goals effectively and efficiently.

Our clinical teams specialize in all aspects of orthopedic care including general orthopedics, spine surgery, sports medicine, joint replacement, hand surgery, shoulder surgery, foot and ankle care, pain management, physical and occupational therapy and chiropractic care and strive to provide the guidance and support you need to get back to a healthy lifestyle free of pain and discomfort.

Sincerely,

A handwritten signature in black ink that reads 'Dr. Singer'.
